

## Curriculum Vitae Michael Patrick Schaub

### 1 Current Position

<p>Scientific Director Swiss Research Institute for Public Health and Addiction, Zurich Konradstrasse 32 8005 Zürich Switzerland Phone +41 1 448 11 65 Fax +41 1 448 11 71 E-mail: <a href="mailto:michael.schaub@isgf.uzh.ch">michael.schaub@isgf.uzh.ch</a>; Internet: <a href="http://www.isgf.uzh.ch">www.isgf.uzh.ch</a></p>	
---	---

### 2 Biographical data

Prof. Dr. phil. Michael Patrick Schaub, born on the 8<sup>th</sup> of January 1974 in Liestal, Canton Basel-Land, Switzerland

Nationality: Swiss

Private

Address: Birrenbergstrasse 5, 5620 Bremgarten, Switzerland

Family: Married and father of a 11-year old daughter and a 6-year old son

1981 - 1989 Basic primary/secondary school

1990 - 1994 Gymnasium (high school) Urdorf, Switzerland

'Matura'-Graduation with specialization in mathematics and natural sciences

### 3 University graduation and PhD studies

2001 Graduation (lic. phil. I), Department of Psychology, University of Zurich

2005 PhD (Dr. phil.) in psychology at the University of Zurich, Institute of Psychology / Psychiatric University Hospital, title of the Thesis: "Cannabis Use, Associated Personality Dimensions and Co-Occurring Mental-Health Problems"

2012 Postdoctoral lecture qualification (Habilitation) at the University of Zurich in the subject psychology, in particular 'therapy and diagnostics of substance use disorders'

2019 Associate Professor (Titularprofessor) at the University of Zurich

### 4 Continuous education and related courses

2002 - 2007 Person-centred Psychotherapist PCA, Swiss Society for Person-Centred Counselling and Psychotherapy PCA; Psychotherapist FSP, Federation of Swiss Psychologists FSP

2014 Good Clinical Practice Module I – III, Clinical Trials Center Zurich

### 5 Professional experiences

2012 - now Scientific Director, Swiss Research Institute for Public Health and Addiction (ISGF) associated to the University of Zurich, Zurich, Switzerland

- 2012 - 2019 Private docent (Privatdozent), Institute of Psychology, University of Zurich
- 2010 - 2012 Lecturer, Institute of Psychology, University of Zurich
- 2006 - 2012 Psychotherapist, own psychotherapeutic practice, Dottikon, Switzerland
- 2008 - 2012 Research Manager, Swiss Research Institute for Public Health and Addiction, Zurich, Switzerland
- 2002 - 2008 Clinical Researcher, Research Group on Substance Use Disorders, Psychiatric University Hospital Zurich, Switzerland
- 2004 - 2006 Psychotherapist, addiction rehabilitation institution, Egliswil, Switzerland
- 2002 - 2004 Clinical Psychologist, addiction rehabilitation institution, Egliswil, Switzerland
- 1999 - 2000 Assistant Human Resources, Zurich Financial Services, Zurich

## **6 Teaching experiences**

- 2013 - now Research colloquium 'substance use disorders', Institute of Psychology, University of Zurich (every spring and autumn semester respectively, approximately 2 hours every 14 days based on the number of master thesis presentations)
- 2012 - now Master thesis project group for psychology master students, University of Zurich (every spring and autumn semester respectively approximately 2 hours every 14 days based on the number of master thesis presentations)
- 2017 Seminar: Substance disorders and non-substance related addictions for psychology master students, University of Zurich (autumn semester with 2 hours per week)
- 2014 - 2016 Seminar: Diagnostics for psychology master students, University of Zurich (every autumn semester with 2 hours per week)
- 2010 - 2013 Seminar: Addiction research methods for psychology master students, University of Zurich (every autumn semester with 2 hours per week)
- 2007 - 2009 Three block release courses (of 3 x 3.5 hours each) in the further education for psychiatrists (FMH)

## **7 Supervision of PhD and MD theses**

- 2018 - 2021 Christian Baumgartner. Cannabis, alcohol and pornography: How internet interventions can help people suffering from addiction. Cumulative thesis presented to the Faculty of Arts and Social Sciences of the University of Zurich for the Degree of Doctor of Philosophy.
- 2020 - 2021 Joachim Ahlers. Problematic cannabis use in young adults screened positive for ADHD: A subgroup analysis from the three-armed randomized controlled CANreduce 2.0 trial of web-based self-help with adherence focused guidance. Thesis to be presented to the Faculty of Medicine of the University of Zurich for the Degree of Doctor of Medicine.
- 2015 - 2017 Raquel Paz Castro. Can text messages make you change? Mobile phone-based interventions for tobacco and alcohol use reduction in adolescents. Cumulative thesis presented to the Faculty of Arts and Social Sciences of the University of Zurich for the Degree of Doctor of Philosophy.
- 2013 - 2016 Larissa J Maier. Prevalence of Pharmacological Neuroenhancement in Switzerland and its Associations with Personality and Mental Health. Cumulative thesis presented to the Faculty of Arts and Social Sciences of the University of Zurich for the Degree of Doctor of Philosophy.
- 2011 - 2014 Julia Becker. Co-use of Tobacco and Cannabis: Development and Evaluation of Tailored Interventions. Cumulative thesis presented to the Faculty of Arts and Social Sciences of the University of Zurich for the Degree of Doctor of Philosophy.

## 8 Supervision of master theses

1. Lior Oved (2020). Einfluss von der web-basierten Selbsthilfeoberfläche CANreduce zur Reduktion des Cannabiskonsums auf depressive Symptome.
2. Francesca Pfammatter (2020). Der Einfluss von Labeling auf stigmatisierende Einstellungen von Jugendlichen und jungen Erwachsenen in der Deutschschweiz.
3. Chiara Tortorici (2020). Einflussfaktoren der psychischen Gesundheitskompetenz von Jugendlichen und jungen Erwachsenen in der Deutschschweiz.
4. Nadine Elvedi (2020). Win Back Control: eine webbasierte Intervention für Personen mit problematischem Glücksspiel. Effekte von Gender und Alkoholkonsum.
5. Samden Gyagang (2020). Demografische Unterschiede zur Adhärenz und Wirksamkeit von internetbasierten Selbsthilfeintervention zur kombinierten Reduktion von problematischem Kokainkonsum.
6. Simona Brühwiler (2020). Delayed discounting bei Win Back Control: einer webbasierten Intervention für Personen mit problematischem Glücksspiel.
7. Milena Schnyder (2019). Einflussfaktoren der psychischen Gesundheitskompetenz von Jugendlichen und jungen Erwachsenen in der Deutschschweiz bezüglich Alkoholmissbrauch.
8. Lorena Glisenti (2019). Stigmatisierende Einstellungen gegenüber Alkoholmissbrauch bei Schweizer Jugendlichen und jungen Erwachsenen.
9. Sandra Wickli (2019). Altersspezifische Unterschiede im Alkoholkonsum, in der depressiven Symptomatik und in der Nutzung einer internetbasierten Selbsthilfeintervention zur Reduktion von problematischem Alkoholkonsum und depressiven Symptomen.
10. Maike Bächtold (2019). Einfluss von Symptomatik der Posttraumatischen Belastungsstörung auf den Effekt des Selbsthilfeinterventionsprogramms CANreduce.
11. Andrea Prudenzano (2018). Geschlechtsspezifische Unterschiede im Alkoholkonsum, in der depressiven Symptomatik und in der Nutzung einer internetbasierten Selbsthilfeintervention zur Reduktion von problematischem Alkoholkonsum und depressiven Symptomen.
12. Tatjana Imhof (2018). Wirksamkeit vom webbasierten Selbsthilfeprogramm «Snow Control» mit und ohne Chatberatung zur Reduktion von problematischem Kokainkonsum bei Personen mit einer Depressions- und/oder Angst-Symptomatik.
13. Christian Baumgartner (2017). Adhärenzsteigerung durch Optimierung einer internetbasierten Selbsthilfeintervention zur Reduktion von problematischem Cannabisgebrauch.
14. Rahel Rufer (2017). Does an E-Coach matter? Einfluss von adhärenz-fokussierter Anleitung in webbasierter Selbsthilfe zur Reduktion von problematischem Alkoholkonsum und depressiver Symptomatik.
15. Julia Singer (2017). Einfluss von web-basierter Selbsthilfeintervention zur Reduktion von Alkoholkonsum und depressiver Symptomatik mit Fokus auf verschiedene Faktoren der depressiven Symptomatik.
16. Ivana Ilieva (2017). Snow Control 2.0: Webbasierte Selbsthilfe zur Reduktion von problematischem Kokainkonsum unter Berücksichtigung von Aufmerksamkeitsdefizit-/Hyperaktivitätsstörung (ADHS).
17. Julia Vollrath-Rödiger (2016). Die Rolle der Working Alliance zwischen Therapeut und Klient bei einer internetbasierten Selbsthilfe-Intervention zur Reduktion oder Beendigung des Kokainkonsums. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.
18. Deborah Fischer (2016). Untersuchung einer integrierten, web-basierten Intervention zur Reduktion von Alkoholkonsum und Depression. Auswertung der ersten Drei-Monats-Follow-up Daten. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.

19. Jana Roos (2015). Take Care of You – Pilotierung einer web-basierten Selbsthilfeintervention zur Reduktion der depressiven Symptomatik und des Alkoholkonsums. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.
20. Eveline Bühler (2015). Geschlechtsspezifische Unterschiede in der Nutzung einer webbasierten Selbsthilfeintervention zur Reduktion des Cannabiskonsums und im Konsumverhalten der Teilnehmenden. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.
21. Gaëlle-Vanessa Glauser (2015). Neuroenhancement an Berufsvorbereitungs-, Berufsfach- und Mittelschulen des Kantons Zürich. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.
22. Fiona Herzig (2013). Stress und Braindoping im Studium. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.
23. Larissa Maier (2012). Partydrogenprävention in der Stadt Zürich – vertiefte Analyse und Vergleich verschiedener Datenquellen. Masterarbeit zur Erlangung des Masters of Science in Psychologie, Philosophische Fakultät, Universität Zürich.

## **9 Membership of committees and boards of the University of Zurich**

- 2015 - 2020 PD/TP representation ('Ständevertretung der Privatdozierenden, Titularprofessorinnen und -professoren') at the Ethics Committee of the Faculty of Philosophy
- 2017 Member of the review board for the dual Jacobs Foundation professorship in children and youth developmental psychology

## **10 Organization of scientific meetings and conferences**

- 2018 2<sup>nd</sup> Meeting of the CAATOD (Critical Approaches to Alcohol, Tobacco and Other Drugs) workgroup, London, 20<sup>th</sup>-21<sup>st</sup> of November 2018; member of the organizing committee
- 2017 Mental Health: Innovative Trends in Treatment and Intervention – 2<sup>nd</sup> Symposium of the Competence Center of Mental Health, University of Zurich (26<sup>th</sup> of January 2017); member of the organizing committee
- 2013 16<sup>th</sup> Conference of the European Association of Substance Abuse Research EASAR – Aeschi above Lake Thun, Switzerland (9<sup>th</sup>-12<sup>th</sup> of May 2013); main organizer
- 2013 Future challenges for addiction research – 20 year jubilee conference for the Swiss Research Institute for Public Health and Addiction ISGF at the University of Zurich (9<sup>th</sup>-10<sup>th</sup> of September 2013); main organizer, received SNF funding CHF 5'000 (32CO30\_147513)

## **11 Editorial board memberships**

- 2021 - now Digital Mental Health - Associate Editor
- 2020 - now Frontiers of Psychiatry - Review Editor

## 12 Major research projects

- 2021 - 2024 Promoting Recovery in Opioid Maintenance and Psychosocial Treatments PROMPT - Guided smartphone-based treatment for patients in opioid maintenance treatment in Iran - transdiagnostic treatment for substance use and common mental disorders: A Randomized Controlled Trial [Principal Investigator (PI)] – SPIRIT grant from the Swiss National Science Foundation (SNF)
- 2020 - 2023 CANreduce Mindfulness - The Effects of Mindfulness and Cognitive-Behavioural Therapy in Minimally-Guided Internet-based Self-Help in Cannabis Misusers: A Randomized Controlled Trial [PI] – grant from the Swiss National Science Foundation (SNF)
- 2020 - 2023 Online self-help tool to reduce excessive cannabis use in visitors of cannabis social clubs in Catalonia [co-PI]
- 2018 - 2019 Cannabis use: recreational or medicinal backgrounds? – Grant from the Swiss Federal Office of Public Health [PI]
- 2019 - 2019 Representative survey to assess compulsive buying disorder in Switzerland. – Grant from the Swiss Federal Office of Public Health [PI]
- 2018 - 2021 Developing and Testing the Effectiveness of a Novel Online Integrated Treatment for Problem Gambling and Tobacco Smoking: A Randomized Controlled Trial – Manitoba Gambling Research Program [co-PI]
- 2018 - 2021 Developing and evaluating a cognitive behavioral self-help intervention for problematic and pathological gambling – gambling prevention program of the German speaking Cantons of Switzerland and Health Promotion Switzerland [PI]
- 2018 - 2020 A general population survey in Swiss young adults and youth to identify the prevalence of substance use and its association with day sleepiness and (non-) occupational accidents – grant from the Swiss Accident Insurance Fund (SUVA) [PI]
- 2018 - 2020 Cultural adaption, implementation and effectiveness evaluation of takecareofyou.ch in Estonia. Grant from the Tervise Arengu Instituut Estonia [co-PI]
- 2017 - 2019 Testing the Efficacy of an Online Self-Help Treatment for Comorbid Alcohol Misuse and Emotional Problems in Young Adult Manitobans: A Randomized Controlled Trial (RCT) – New Investigator Operating Grant at Research Manitoba [co-PI]
- 2017 - 2019 Evaluation of the Smartphone App Daybreak from Hello Sunday Morning in a two arm randomized controlled trial. National Drug Research Institute at Curtin University [co-PI]
- 2015 - 2019 ICare Integrating Technology into Mental Health Care Delivery in Europe – collaborative Horizon 2020 large scale grant from the European Commission (responsible for alcohol use disorder intervention parts) [PI at the University of Zurich]
- 2014 - 2018 Snow Control 2.0 – RCT on the effectiveness of guided vs. unguided web-based self-help in the reduction of cocaine use in problematic cocaine users – grant from the Swiss National Science Foundation (SNF) [PI]
- 2016 - 2017 WHO – Development of a transdiagnostic Internet-based self-help intervention for the treatment of common mental disorders in low- and middle-income countries for the World Health Organization (electronic Problem Management plus, ePM+) [sub-contractor]
- 2014 - 2018 WHO Alcohol e-Self-help Effectiveness Study – RCT on the effectiveness of a web-based self-help intervention for the reduction of harmful/hazardous alcohol use in Belarus, Brazil, Mexico and India for the World Health Organization WHO [PI]
- 2014 - 2017 Efficacy of a web and text messaging-based intervention to reduce problem drinking in young people – grant from the Swiss National Science Foundation (SNF) [co-PI]
- 2014 - 2018 First web-based Dual Disorder Treatment Trial among Problematic Alcohol Users with Moderate Depression Symptoms – grant from the Swiss Foundation for Alcohol Research (SSA) [PI]

- 2014 - 2017 Swiss Addiction Monitoring – competitive research grant for the Swiss general population addiction survey from the Swiss Federal Office of Public Health [member of the consortium]
- 2013 - 2016 The accompanying evaluation study of the new Swiss addiction Internet-portal Safe Zone – competitive grant from the Swiss Federal Office of Public Health [PI]
- 2012 - 2014 Queer Quit II: Adaptation and dissemination of the smoking cessation program tailored to homosexual men, sensitization of the homosexual population, calculation of success and risk factors for HIV positive participants and integration in the standard care system – grant from the Swiss Fund for Tobacco Prevention [PI]
- 2012 - 2014 A general population survey to identify the prevalence of neuroenhancement with prescription drugs and drugs of abuse in Switzerland – grant from the Swiss Accident Insurance Fund (SUVA) [PI]
- 2011 - 2014 Development and feasibility study for a group smoking cessation intervention for co-users of tobacco and cigarettes – grant from the Swiss Fund for Tobacco Prevention [PI]
- 2011 - 2014 Evaluation and monitoring of the nightlife scenes in five major Swiss cities - Swiss Office for the Coordination of Addiction Facilities (Infodrog) [PI]
- 2010 - 2013 Web-based tobacco prevention: Evaluation of current interventions, meta-analysis and target group usability assessment (study PI) – research grant from the Swiss Fund for Tobacco Prevention [PI]
- 2010 - 2012 Study on the development of an EU framework for minimum quality standards and benchmarks in drug demand reduction in the field of drug prevention, treatment, rehabilitation, and harm reduction – competitive research grant from the European Commission, Directorate C: Fundamental rights and Union citizenship [co-PI to Prof. Ambros Uchtenhagen]
- 2011 - 2011 Analysis of the current state and demand analysis of the treatment situation for persons with alcohol-related problems or alcohol dependence – competitive research grant from the Swiss Coordination Office for Addiction Facilities (infodrog) [PI]
- 2010 - 2013 Development of instruments and assessment of the client satisfaction in outpatient counselling services, substitution treatment, the heroin-assisted treatment and in reception centers in Switzerland – research grant from the Swiss Federal Office of Public Health [PI]
- 2010 - 2013 Cluster-randomized controlled study to investigate the effectiveness of a single group hypnosis cessation for tobacco smoking cessation – research grant from the Swiss Fund for Tobacco Prevention [PI]
- 2009 - 2013 Swiss Addiction Monitoring – competitive research grant for the Swiss general population addiction survey from the Federal Office of Public Health [member of the consortium]
- 2009 - 2011 Feasibility and effectiveness study of a web-based cognitive-behavioral self-help intervention for problematic cocaine users – research grant from the Federal Office of Public Health [PI]
- 2008 - 2010 Queer Quit: Adaptation and advancement of a group tobacco smoking cessation program for homosexual men – research grant from the Swiss Fund for Tobacco Prevention [PI]
- 2008 - 2010 INternational CAnnabis Need of Treatment – INCANT, a multi-site, trans-national randomized controlled trial to compare Multidimensional Family Therapy with treatment as usual for cannabis misusing/abusing adolescents – grant from the Swiss Federal Office of Public Health [PI]
- 2008 - 2012 Monitoring study of the Swiss Heroin-Assisted Treatment – two research grants from the Swiss Federal Office of Public Health [PI]

- 2006 - 2012 Swiss Cocaine Treatment Glossary: Development of treatment recommendations for cocaine dependent patients – two research grants from the Swiss Federal Office of Public Health [PI]
- 2002 - 2006 Cannabis and Schizophrenia – Self-acquired research grant for my own PhD from the Swiss Federal Office of Public Health [PhD student / scientific employee]

**13 Major Award**

- Best Scientific Paper Award 2014 – Lisbon, European Monitoring Centre for Drugs and Drug Addiction EMCDDA

## 14 List of Publications

### Articles and other contributions to peer-reviewed journals

#### Submitted / in review:

1. Jona R. Frohlich, Karli K. Rapinda, Michael P. Schaub, Andreas Wenger, Christian Baumgartner, Edward A. Johnson, Roisin M. O'Connor, Norah Vincent, Matthijs Blankers, David D. Ebert, Heather Hadjistavropoulos, Corey S. Mackenzie, Jeffrey D. Wardell, Mareike Augsburg, Joel O. Goldberg, Matthew T. Keough. Efficacy of a Minimally Guided Internet Treatment for Alcohol Misuse and Emotional Problems in Young Adults: Results of a Randomized Controlled Trial. *Addictive Behaviors Reports*; in review.
2. Raquel Paz Castro, Severin Haug, Rudolf Debelak, Robert Jakob, Tobias Kowatsch, Michael P. Schaub. Engagement within a mobile phone-based life-skills intervention for adolescents and its association with participant characteristics and outcomes: a tree-based analysis. *JMIR Mental Health*; in review.

#### Accepted/published:

1. Michael P. Schaub, Marcela Tiburcio, Nora Martinez-Velez, Atul Ambekar, Roshan Bhad, Andreas Wenger, Christian Baumgartner, Dzianis Padruchny, Sergey Osipchik, Vladimir Poznyak, Dag Rekve, Fabricio Landi Moraes, André Luiz Monezi Andrade, Maria Lucia Oliveira Souza-Formigoni & WHO e-health project on Alcohol and Health Investigators Group. Effectiveness of a web-based self-help program to reduce alcohol use in adults with drinking patterns considered harmful, hazardous, or suggestive of dependence: results from a randomized controlled trial in four low- to middle-income countries. *Journal of Medical Internet Research* 2021; 23(8):e21686.
2. Severin Haug, Raquel Paz, Andreas Wenger, Michael P. Schaub. Appropriateness and initial efficacy of SmartCoach: a mobile phone-based life-skills training program for substance use prevention among adolescents. *JMIR mHealth and uHealth*; 9(7):e26951.
3. Mareike Augsburg, Esta Kaal, Andreas Wenger, Matthijs Blankers, Severin Haug, David D. Ebert, Heleen Riper, Matthew Keough, Helen Noormets, Michael P. Schaub, Karin Kilp. Effects of a minimal-guided online intervention for alcohol misuse in Estonia: A Randomized Clinical Trial. *Addiction*; in press.
4. Christian Baumgartner, Michael P. Schaub, Andreas Wenger, Doris Malischnig, Mareike Augsburg, Dirk Lehr, Matthijs Blankers, David D. Ebert, Severin Haug. "Take Care of You" – Efficacy of integrated, minimal-guidance, internet-based self-help for reducing co-occurring alcohol misuse and depression symptoms in adults: results of a three-arm randomized controlled trial. *Drug and Alcohol Dependence*; in press.
